## EXAMPLE SCHEDULES:

## 3 YEAR OLD CLASS

This class is designed essentially as a first school experience. The atmosphere is warm and nurturing, a wonderful first step away from home. Children will be striving to explore their individuality while learning what a group environment is all about. The main goals for the three-year-old classes are strengthening self image, exploring new materials and social relationships, becoming a participant in a group situation and learning the basic rules and guidelines of a classroom situation. As in all classes at Brush Creek, each child is encouraged and respected.

## 4 YEAR OLD CLASS

These classes are designed to prepare a child for kindergarten and the world around us. Children will be strengthening their social skills, sharpening their cognitive skills, self expression and independence. Skill levels in a variety of areas are identified and activities are planned to foster the strengthening of those skills. It is our ultimate goal that children finish this year with an ability to thrive in a group setting, and have an enjoyment for learning and an excitement for the learning process.
